PROJECT INFORMATION

Please describe your project including the end product or result.

How does your project address the ANPC mission “To effectively promote the value of native plants and habitats through education, research, advocacy, and getting our hands dirty”?

Maintaining native plant biodiversity as well as increasing the use of native plants in reclamation and horticulture is a key goal for ANPC. If this project will help move forward with this goal, please explain how.

Does this project develop educational materials (e.g. natural region kits, articles (newspaper), school curricula, web/workbooks/brochures)? Give details.

Will this project benefit ANPC through increased active members, hands-on activities or organization profile? If so, please give details

ANPC looks very favourably on developing partnerships and co-operative projects with other similar-minded groups. If your project will do this, please explain how.

How much previous funding has this project received?

Does the proposal have a record of previous achievement relevant to the mission and goals of the ANPC?
