

PLANAT HAPPENINGS – APRIL 2021

UPCOMING COURSES, WORKSHOPS and EVENTS

Botany Alberta 2021

Botany Alberta is a yearly weekend trip to a different natural area in Alberta put on by ANPC. This year we will be visiting Clyde Fen and Holmes Crossing / Assiniboine over the weekend of August 6th – 8th. Specific hikes and times will be posted soon and the most up to date information will be available at www.anpc.ab.ca

If you are interested in more information when the trip is finalized or to RSVP please email Anna at Amozolik@gmail.com with Botany AB as the topic.

Grassland Vegetation Inventory: A User's Guide (W21) Blended/Online Course

Registration Currently Open:

<https://www.salmtec.com/courses/gvi-course>

Through hands on activities and examples presented in instructional videos, the GVI User's Guide Blended/Online Course provides participants with both an in-depth contextual and practical understanding of Alberta's Grassland Vegetation Inventory (GVI) using various real world management scenarios.

Biophysical Bootcamp Training Series –(S21) Montane Natural Region

Registration Currently Open:

<https://www.salmtec.com/courses/biophysical-bootcamp-s21>

SALMTEC has designed a new field training course that provides participants with opportunity to get their hands dirty and ask questions with Subject Matter Experts, hone technical skills, and benefit from cross-learning and networking opportunities. This workshop will be held in the Montane Natural Sub region, at SALMTEC's field station near Bragg Creek, in mid-July. Students will visit four learning stations throughout the day: Grassland Vegetation Inventory, Soils & Terrain, ABWRET-A Wetland Function (Wildlife Habitat), and Plant Identification.

ALBERTA PLANT STUDY GROUPS

Alberta Native Plant Council (ANPC)

Location: Online, More information can be found on Facebook at <https://www.facebook.com/ABNPC/>

WEBSITES AND PUBLICATIONS

Alberta Native Plant Council is updating their website constantly with the most up to date information on field trips, publications as well as the most up to date copy of Plant Happenings.

<https://anpc.ab.ca>

Salmtec has multiple online courses as well as webinars available. They also have a blog with a variety of different topics.

LINKS AND ITEMS OF INTEREST

Alberta Native Plant Council memberships are up for renewal. The membership term runs from April 1st to March 31st, and includes a subscription to Iris as well as regular information emails. As ANPC is a non-profit organization, they rely on membership dues and donations to support their conservation and education initiatives. Membership and renewal forms can be found at https://anpc.ab.ca/?page_id=108

If you have anything of interest or any events that you think would be suitable for Plant Happenings please email me or respond to this email.

If you would like to be removed from the email list, please contact me at amozolik@gmail.com
